

# 14<sup>th</sup> Nucleus-Nucleus Collisions Conference

## NN2024

### August 18 - 23, 2024

### Whistler, BC Canada

*First Circular*

---

The 14<sup>th</sup> International Conference on Nucleus-Nucleus Collisions (NN2021) is being held in Whistler, British Columbia, Canada during July 18 – 23, 2021.

It is part of a triennial series with the previous meetings being held in Saitama, Japan (2018), Catania, Italy (2015), Texas, USA (2012), Beijing, China (2009), Rio de Janeiro, Brazil (2006), Moscow, Russia (2003), Strasbourg, France (2000), Tennessee, USA (1997), Taormina, Italy (1994), Kanazawa, Japan (1991), Saint Malo, France (1988), Visby, Sweden (1985) and East Lansing, USA (1982). NN2021 was postponed to NN2024 because of the COVID19 pandemic.

The scientific program will be devoted to the latest experimental and theoretical developments in nucleus nucleus collisions with a wide range of topics. The program will consist of invited plenary and parallel session presentations, contributed presentations for parallel sessions and poster presentations. The topics include :

- Fusion and Fission
- Hadron Physics and QCD
- Relativistic Heavy Ion Collisions, QGP
- Equation of State of Neutron-Rich Nuclear Matter
- Nuclear Structure from collisions
- Nuclear Reactions
- Nuclear Astrophysics
- Heavy and Superheavy Elements
- Instrumentation and Facilities
- Applications of Nuclear Science and Technologies

Information about the conference is found on the conference website :  
<https://nn2024.triumf.ca/index.html>

The conference is jointly organized by TRIUMF (Vancouver, Canada) and Saint Mary's University (Halifax, Canada).

We look forward to seeing you in Whistler.

Rituparna Kanungo, Saint Mary's University/TRIUMF (Co-Chair)  
Reiner Kruecken, Lawrence Berkeley National Laboratory, USA (Co-Chair)  
Petr Navratil, TRIUMF (Co-Chair)  
On behalf of the Organizing Committee
